Why am I receiving this brochure?

Understanding your health care coverage options is more complex than ever. Delphi Salaried Retirees Association - Benefit Trust (DSRA-BT) is committed to helping you make an informed choice, with tools and resources to guide you in exploring today's health plan options and the savings they can provide.

When it's time to select your health plan, think about how it will fit into your lifestyle.

Some things to consider:

COVERAGE

Are the services you need covered?

COST

How much are your premiums, deductibles, and other costs for things like doctor visits or hospital stays? What's the yearly limit for out-of-pocket costs?

TRAVEL

Does the plan cover you in another state or outside the U.S.?

CHOICE DOCTOR & HOSPITAL

Do your doctors accept the coverage? If not, are the doctors you want to see accepting new patients? Do you have to select your hospital and health care providers from a network?

PRESCRIPTION DRUGS

Do you need to join a Medicare drug plan? Will you pay a penalty if you join a plan later? What do your prescription drugs cost, and will they be covered?

CONVENIENCE

Where are the doctors' offices? What are their hours? Which pharmacies can you use? Can you get your prescriptions by mail?

WHAT IS Medicare?

UNDERSTANDING THE BASICS

You have important decisions to make when you become eligible for Medicare. Our goal is to help you understand your options and feel confident about choosing coverage based on your needs.

Delphi Salaried Retirees Association - Benefit Trust's current coverage requires participation in Medicare Parts A and B. Before you look into a Medicare Supplement or Medicare Advantage plan, it's important to understand what Medicare covers and the costs you may incur when utilizing Medicare services. You are either coming into Medicare because you are turning 65 or you qualify for Medicare under 65 due to a disability, such as End Stage Renal Disease (ESRD) requiring kidney dialysis or kidney transplant.

Medicare has *four* parts

PART A

Hospital Insurance

Medicare Part A covers inpatient treatment in a variety of settings including hospitals, skilled nursing facilities, hospice, and other inpatient facilities. Medicare Part A involves deductibles and co-pays*, per benefit period, as well as long-term hospital stays over 90 days.

PART B

Medical Insurance

Medicare Part B is health insurance that covers doctor visits, exams, immunizations, checkups, and durable medical equipment. Like Part A, Medicare Part B involves out-of-pocket expenses including a monthly premium, annual deductible and typically 20% of the total cost of your care.**

Together, Part A & Part B make up Original Medicare. These are the portions provided and administered by the federal government. (They aren't provided for free) Important: Original Medicare does not cover outpatient prescription drugs, nor does it cover some basic services, including dental, vision or hearing.

PART C

Medicare Advantage

Medicare Advantage plans, sometimes called "Part C" or "MA Plans," are offered by private, Medicare-approved companies. A Medicare Advantage plan provides all of your Part A and Part B coverage. Part D prescription drug coverage is sometimes included as well. Each plan can charge different out-of-pocket costs and have different rules for how you get services.

PART D

Prescription Drug Insurance

Medicare Part D is prescription drug coverage. These plans reduce your overall health care costs by lowering the cost of your prescriptions. Each plan can vary by cost and drug coverage.

Part C & Part D are both sold by private companies (example: Blue Cross) instead of the federal government, and must abide by government regulations. Medicare Advantage must cover at least the same benefits as Original Medicare.

WHAT ARE YOUR MEDICARE OPTIONS?

The two main ways to get your Medicare coverage are: Original Medicare or a Medicare Advantage Plan. The chart on the following page can help you visualize your choices.

Medicare Enrollment Period

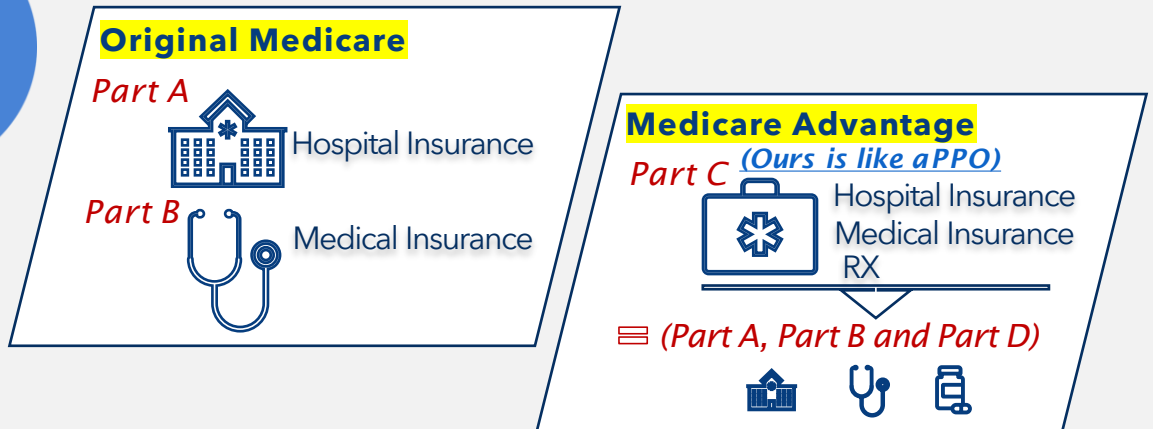

* Medicare Part A & B is set by CMS and Part A depends on your work history and Part B is determined by your earnings. Medicare Part A is free for most people, as long as you or a spouse have worked 40 quarters. Please check www.Medicare.Gov for 2024 amounts.

**In addition to the monthly premium associated with a Medicare Advantage Plan, or Medicare Supplement Plan and/or Prescription Drug Plan, you must continue to pay your Medicare Part B premium.

Telehealth Services

Medicare has temporarily expanded its coverage of telehealth services to respond to the previous Public Health Emergency. These services expand the current telehealth covered services, to help you have access from more places (including your home), with a wider range of communication tools (including smartphones), to interact with a range of providers (like doctors, nurse practitioners, clinical psychologists, licensed clinical social workers, physical therapists, occupational therapists, and speech language pathologists). During this time, you will be able to receive a specific set of services through telehealth including evaluation and management visits (common office visits), mental health counseling and preventive health screenings without a copayment if you have Original Medicare. This will help ensure you are able to visit with your doctor from your home, without having to go to a doctor's office or hospital, which puts you and others at risk of exposure to COVID-19.

You may be able to communicate with your doctors or certain other practitioners without necessarily going to the doctor's office in person for a full visit. Medicare pays for "virtual check-ins"—brief, virtual services with your physician or certain practitioners where the communication isn't related to a medical visit within the previous 7 days and doesn't lead to a medical visit within the next 24 hours (or soonest appointment available).

You need to consent verbally to using virtual check-ins and your doctor must document that consent in your medical record before you use this service. You pay your usual Medicare coinsurance and deductible for these services.

Medicare also pays for you to communicate with your doctors using online patient portals without going to the doctor's office. Like the virtual check-ins, you must initiate these individual communications.

Since some people don't have access to interactive audio-video technology needed for Medicare telehealth services or choose not to use it even if offered by their practitioner, Medicare is allowing people to use an audio-only phone.

You may use communication technology to have full visits with your doctors. Also, you can get these visits at rural health clinics and federally qualified health clinics. Medicare pays for many medical visits through this telehealth benefit.

VISION PLAN BENEFITS

Your eyes are your windows to wellness. Routine eye exams each year allow your eye doctor to detect symptoms of serious eye disease – such as cataracts, glaucoma, and macular degeneration – and health conditions – such as diabetes, cardiovascular disease, and high blood pressure. Caught early, many of these diseases are treatable. However, left undetected and untreated, these conditions can result in vision loss, a lower quality of life, and higher overall health care costs.

DSRA-BT offers vision benefits through Blue Cross Blue Shield of Michigan (BCBSM) Blue Vision. The vision plan offers you comprehensive coverage – including eye exams and materials – through VSP, the nation's largest vision care network, with 27,000 doctors and 41,000 locations.

Members will continue to have the choice to enroll in vision and/or dental which requires an application to be completed.

The table below provides an overview of the vision plan benefit. For specific details about the plan, please refer to the Benefits-at-a-Glance summary of benefits on the website at www.dsrabenefittrust.net. To find a VSP doctor, call 1(800)877-7195 or log on to the VSP website at www.vsp.com.

VOLUNTARY LIFE BENEFITS

Voluntary life benefits are offered through MetLife Insurance. If you are a Delphi salaried retiree and wish to elect voluntary term life insurance for the first time or make any modifications to your current election, you must complete the MetLife enrollment form and Statement of Health form. (NOTE: Delphi hourly Retirees are not eligible for this voluntary benefit.) Retiree coverage from \$10,000 to \$120,000 and spouse coverage from \$10,000 to \$50,000 is available in \$10,000 increments. Retiree coverage, however, is required for spouse coverage to be available.

Current retiree members that have not elected life coverage within 90 days of retiring are no longer eligible to elect life insurance coverage.

MetLife replaced Guardian Life effective 01/01/2022. The premiums were reduced an average of 6.3%. The changes and added benefits to the Life Insurance program for DSRA participants effective 01/01/2022:

Upon death of the Retiree, a surviving Spouse has the option to remain in the DSRA Benefit Trust MetLife Insurance program until the age of 80, at which time they will have the option to move to a Whole Life Insurance plan or to discontinue coverage

- The Spouse will continue to use the age of the Retiree to determine their premium amount if the Spouse elects to continue their MetLife Insurance coverage.
- The Spouse must notify Benistar if they elect to continue coverage with the MetLife Insurance program following the death of the Retiree.
- The Spousal coverage above \$30,000 requires a physical.
- Age Banded Prices guaranteed for 3 years.

Please review the DSRA-BT website www.DSRABenefitTrust.net for additional information and documents to help you with your Life Insurance questions. Benistar is always available at (888)588-6682 to help you or if you need additional information.

See enrollment form for all plan rates.

⚭Voluntary life plan rates change in five year increments, i.e. 40, 45, 50, etc. The new rate becomes effective 1/1 after the insured enters a new age category.

⚭Spouse costs are based on the retiree's age.

- Only new retired members or those who have just been made aware of these plan options can elect to enroll in the voluntary life plan.

IMPORTANT change - Spouse of retiree has the option of remaining in the plan at the same rate they paid based on retiree's age, until age 80, then move to a whole life plan.
