This benefit guide provides basic information regarding the above mentioned benefit plans. It provides general instructions and descriptions that are necessary to acquaint you with some of the provisions of the Plans that come to mind during this particular time. An official detailed description of benefits, eligibility, exclusions, limitations, and other terms and conditions is contained in individual benefit Summary Plan Descriptions. Please refer to them for additional information.

Who is Eligible for Benefits?

Retiree

As a Delphi salaried or hourly retiree member, you are eligible for the medical/prescription, dental, and vision benefits. Salaried retiree members are also eligible for voluntary term life insurance. Each benefit is outlined within this benefit guide.

Dependents

Spouse

As a Retiree, your legal spouse is also eligible for medical/prescription, dental, and vision benefits and life coverage.

Spouse is not required to have the same medical/prescription coverage as the Retiree if both are individually enrolled in Pre-65 medical/prescription drug policies.

Surviving Spouse

A surviving spouse is eligible for medical/prescription, dental, and vision and life coverage.

Former Spouse

Benistar Admin Services (Benistar), our plan administrator, will send an enrollment kit to the former spouse who is required to provide a statement from the Pension Benefit & Guaranty Corporation (PBGC) confirming that he/she has become a pension recipient in their own right due to the divorce. A former spouse is not eligible for voluntary term life insurance coverage.

Child(ren)

Dependent children are eligible for medical/prescription, dental, and vision benefits. The dependent child can remain on the coverage until they are no longer eligible to be claimed as a dependent on the retiree's federal income tax return. A disabled child loses eligibility for DSRA-BT subsidies once retiree becomes 67.

Child(ren) are not required to have the same medical/prescription coverage as Retiree and/or spouse if both are enrolled in Pre-65 medical/prescription drug plans.

A disabled child on Medicare must enroll in the BCBSM Pre-65 Medicare Disabled plan. Child(ren) may have dental and/or vision with or without Retiree coverage.

Qualified Family Members

A Qualified Family Member (QFM) is also eligible to elect medical/prescription, dental, and vision benefits. A QFM is defined as a spouse and/or dependent child(ren) of an HCTC-eligible Retiree, who is claimed on the individual's federal income tax return. **NOTE: The HCTC is only available to a QFM for 24 months after the retiree reaches age 65.**

Termination

Retirees Under Age 65

Once a Retiree reaches age 65, his/her coverage in the Under Age 65 medical/prescription plan will terminate the first day of the month that they turn age 65. Eligible dependents under the age of 65 may elect to continue the coverage. However, if the retiree carries dental &/or vision, this will automatically continue as long as they enroll with the Benistar Service Center as Medicare eligible. A Retiree will not be auto-enrolled in a Post-65 plan because an application is required. Approximately 90 - 120 days prior to the event date (65th birthday), an enrollment kit including the application will be mailed to the Retiree by Benistar, our post-65 plan administrator.

If someone (Retiree, spouse, and/or dependent) had coverage in any of the Under Age 65 medical/prescription, dental, or vision plans and terminated it – regardless of the reason – he/she **can** re-enroll in any of the Under Age 65 medical/prescription, dental, or vision plans during a subsequent open enrollment.

If someone (Under age 65 Retiree, spouse, and/or dependent child) had voluntary life coverage through Reliance Standard but terminated it, he/she can reapply for coverage, **but** will be subject to underwriting and approval by Guardian.

Retirees Post-65

An individual enrolled in the Post-65 medical/prescription plan who terminates coverage **can** re-enroll in the plan during a subsequent annual open enrollment.

If someone (Retiree, spouse, and/or dependent child) had Under Age 65 medical/prescription coverage but terminated it, he/she **can** enroll in the Post-65 plan.

If someone (Retiree, spouse, and/or dependent child) was enrolled in dental or vision while under 65 and it was terminated, he/she **can** re-enroll in the dental plan when he/she turns 65.

If someone (Post-65 Retiree, spouse, and/or dependent child) had voluntary life coverage through Reliance Standard but terminated it, he/she **can** reapply for coverage, but will be subject to underwriting and approval by Guardian.

Qualifying Life Events

A qualifying life event will allow someone to change or enroll in coverage mid-year within the scope of the event provided Benistar, our pre-65 plan administrator and our post-65 plan administrator, is notified within 30 days of the event date. Qualifying events include:

- Gaining or losing a dependent (marriage, divorce, having a child, adopting a child, etc.)
- Involuntary loss of other insurance coverage (proof is required)
- HCTC eligibility coverage
- Qualified Family Member loses the DSRA subsidy due to the spouse turning 69

If the qualifying event is **gaining or losing a dependent**, you may change your coverage tier (e.g. Single, Two-Person, Family). You cannot, however, change the plan(s) in which you are enrolled.

If the qualifying event is **involuntary loss of other coverage**, you may enroll in coverage or change coverage tier (e.g. Single, Two-Person, Family). You cannot, however, change the plan(s) in which you or a family member is enrolled.

If the qualifying event is **becoming HCTC eligible** (e.g. beginning to collect a PBGC pension or receive TAA, ATAA or RTAA benefits), you may enroll in or change the plan(s) in which you are enrolled (e.g. "upgrade" your coverage).

If the qualifying event is **losing HCTC eligibility**, you may change the plan(s) in which you are enrolled (e.g. "downgrade" your coverage).

If the qualifying event is **losing the DSRA subsidy** due to their spouse turning 69, the Qualified Family Member is eligible to change plans.

If the qualifying event is **delayed initiation of your PBGC pension**, you may enroll in coverage provided you left Delphi previous to the current year, initiated receipt of pension in the current year, have filed paperwork with the PBGC to start payment and provide a copy of the PBGC pension issuance application along with your BCBSM enrollment form.

Medical & Prescription Drug Benefits

We know how important good health is to you and your family. That is why the DSRA-BT provides you medical plan options that protect against the unexpected and help meet your routine health care needs.

Retirees Under Age 65

DSRA-BT offers *four* medical plan choices to retirees under the age of 65. All nationwide medical plans are provided by Blue Cross Blue Shield of Michigan (BCBSM). The table below provides a snapshot comparison. For complete details about the plans, please refer to the Benefits-at-a-Glance summary of benefits on the website at www.dsrabenefittrust.net. Please note, these plan options are not subject to a lifetime maximum.ⁱ

Understanding Terminology

Deductible

A dollar value that you are responsible to pay for a covered medical expense before the coinsurance begins.

Coinsurance

Once you have satisfied your deductible, you will begin to pay coinsurance. In other words you will pay a % – such as 20% of the claim and the plan will pick up the rest – such as 80%.

Copay

A fixed fee paid for office visits and prescription drugs. For the BRONZE and COPPER medical plans, **copays only apply to prescriptions drugs after the deductible has been met.**

Out-of-Pocket Maximum

The most you will be responsible for out-of-pocket during the calendar year. This includes your deductible and coinsurance.

Embedded v. Non-Embedded Deductibles

Now that you know what a deductible is, it is important to understand how they work – particularly if you cover dependents on the plan.

	Embedded			Non-Embedded
	GOLD	SILVER	COPPER	BRONZE
Individual Deductible	\$250	\$500	\$4,000	\$2,000
Family Deductible	\$250 per person (capped at \$500)	\$500 per person (capped at \$1,000)	\$8,000	\$4,000

If you cover dependents, under the GOLD, SILVER or COPPER medical plans, when any one individual family member reaches the individual deductible in expenses, their benefit plan coverage takes effect. This is called an embedded deductible.

If you cover dependents on the BRONZE medical plan option, the **entire** family deductible must be met before benefit plan coverage takes effect – by any one or combination of family members. This is called a non-embedded deductible.

Balance Billing

When a provider bills you for the difference between the provider's charge and the allowed amount. For example, if the provider's charge is \$100 and the allowed is \$70, the provider may bill you the remaining \$30.

Health Savings Account

A Health Savings Account, commonly known as an “HSA,” is an individual account you can open, add money to, and spend on eligible health care expenses. An HSA is unique because you’ll receive a tax credit for any money you add to the account, investment earnings are not taxed, money spent on eligible expenses is not taxed, and the money rolls over year to year.

Eligibility

In order to open an HSA, you must be covered by health insurance that meets the definition of a High Deductible Health Plan (HDHP). **The DSRA-BT BRONZE and COPPER medical plans are the only plans that meet these requirements through the DSRA Benefit Trust.ⁱ**

Setting Up Your HSA

Once you are covered by an HDHP you may set up your HSA. It is important to get your HSA set up as quickly as possible since you can't turn in expenses that you had before the account was set up. It is your responsibility to open your HSA and you choose where. Many banks and credit unions now offer HSAs.

Adding Money

Once you set up your HSA, you can begin making deposits into your account by check or cash. Keep track of your contributions so that you can deduct them from your income tax return. The government sets the annual dollar maximum that can be made to an HSA depending on the level of coverage you have under your health insurance. Coverage of two or more people is considered family coverage. People who are age 55 or older can make additional catch-up contributions.

\$	2021 IRS Annual Contribution Limits
	Individual \$3,600
	Family \$7,200
	Catch-Up \$1,000

Eligible Expenses

The money in your HSA must be used for eligible medical, dental, vision, and prescription drug expenses.

For additional details refer to the *Health Savings Account FAQ* which can be found on the DSRA-BT website at www.dsrabenefittrust.net.

ⁱ The DSRA-BT **Gold** and **Silver** medical plans are not qualified High Deductible Health Plans and not eligible to use with a HSA.

Medicare Disabled Retirees or Eligible Dependents

Under Age 65

DSRA-BT offers a medical plan – provided by Blue Cross Blue Shield Michigan (BCBSM) – to **Medicare disabled** retirees or dependents under the age of 65. The table below gives an overview of the medical plan. For complete details about the plans, please refer to the Benefits-at-a-Glance summary of benefits on the website at www.dsrabenefittrust.net.ⁱ

- Dental and vision are not included in this plan and must be purchased separately.
- Separate enrollment forms are required if the household has more than one member.

Health Insurance Marketplace

Under the Affordable Care Act (ACA), a.k.a. “health care reform” or “Obamacare,” the Health Insurance Marketplace offers a resource for purchasing health coverage that will be operated by either the federal or state government depending on the member’s state of residence.

The Individual Mandate

The ACA includes a requirement that most individuals buy “minimum essential coverage,” both for themselves and for children residing in the taxpayer’s household who are also tax dependents. This requirement is also referred to as the “individual mandate.” Most types of major medical insurance coverage will satisfy this requirement, including health coverage purchased through an employer and qualified individual health insurance policies purchased in the public Health Insurance Marketplace or in the private market, as well as Medicare Part A, Medicaid or state high risk pool coverage. **Health coverage purchased through the DSRA-BT will satisfy the requirements of the individual mandate.**

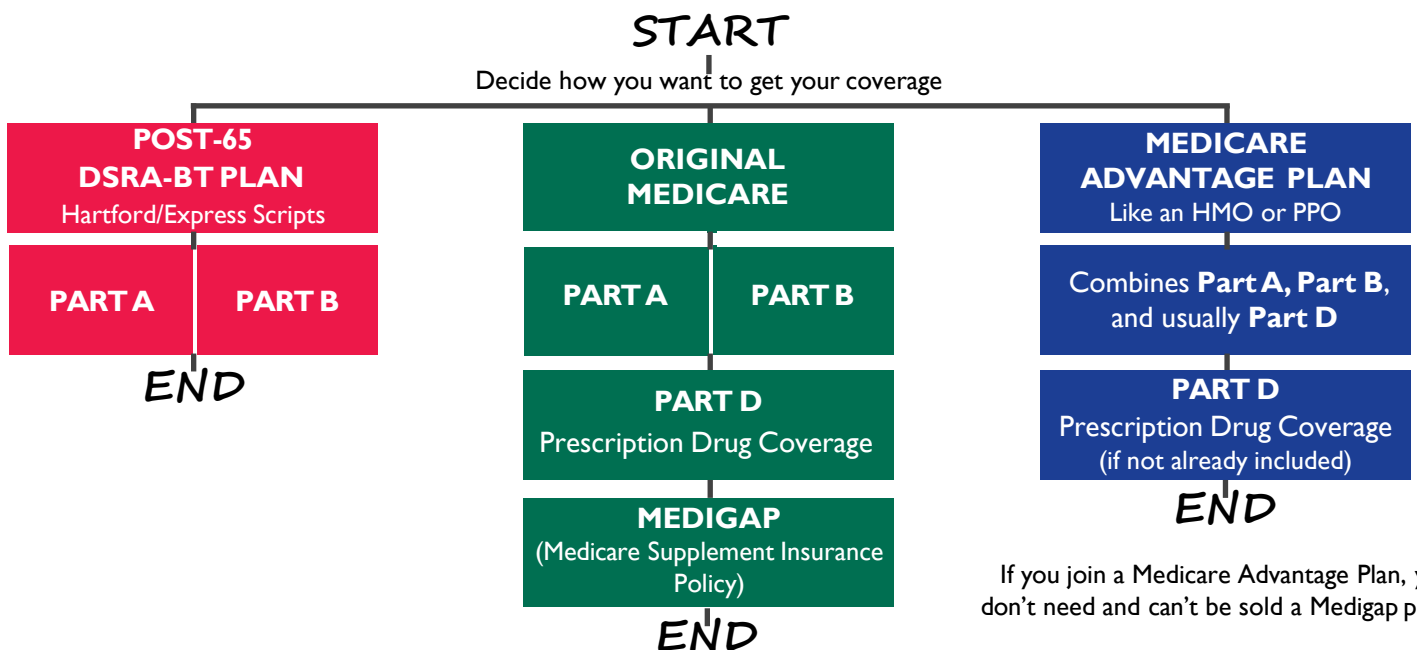

Beginning January 1, 2020, the federal tax penalty for someone who does not purchase health coverage to satisfy the individual mandate has been reduced to \$0. However, some states have begun implementing their own individual mandate penalty. As of January 1, 2020, residents of the District of Columbia, Vermont, Massachusetts and New Jersey will be subject to a tax penalty if they do not purchase health coverage. Additional states may follow suit in the future.

Federal Financial Assistance for Low Income Individuals

Under ACA provisions, individuals will qualify for financial assistance (in the form of advance premium tax credits and cost-sharing subsidies) if household modified adjusted gross income (MAGI) falls between 100% and 400% of the Federal Poverty Line (FPL). You are urged to consult your tax professional to determine your household MAGI for purposes of the ACA.

Retirees Post 65

DSRA-BT offers medical plan choices through The Hartford to retirees over the age of 65. However, these plans have been streamlined for 2021 and now all plans are available in all States to retirees over age 65. If retiree carries dental and/or vision, they must re-enroll with Benistar to continue when transitioning from Pre-65 Blue Cross Blue Shield Michigan Plan options to the Post-65 Medical options. You must provide Benistar your Medicare ID number and your Part A and/or Part B effective date to receive the reduced dental and vision rates. Aetna offers two (2) prescription plan options for members. Enrollees in The Hartford medical plan will continue to have the choice of DSRA-BT prescription plan or a prescription plan from another provider of their choice. For 2021 Enrollees can carry the Aetna prescription coverage alone.

For complete details about the post-65 plan options including rates, please refer to the *2021 Health Matters Guide for Post-65 Members* on the website at www.dsrabenfitrust.net.

Dental Benefits

We understand the importance of good dental health. Good oral hygiene is important to your overall health. Regular visits to the dentist can help detect problems like gingivitis and even oral cancer. Plan on visiting your dentist once every six months.

DSRA-BT offers dental coverage through Blue Cross Blue Shield of Michigan (BCBSM). The dental plans provide a wide variety of covered services – either covered in full or partially by the plans. Members will continue to have the choice to enroll in High or Low dental and/or vision which requires an application to be completed.

The table below provides an overview of the dental plans benefits. For specific details about the plans, please refer to the Benefits-at-a-Glance summary of benefits on the website at www.dsrabenefittrust.net.

Vision Benefits

Your eyes are your windows to wellness. Routine eye exams each year allow your eye doctor to detect symptoms of serious eye disease – such as cataracts, glaucoma, and macular degeneration – and health conditions – such as diabetes, cardiovascular disease, and high blood pressure. Caught early, many of these diseases are treatable. However, left undetected and untreated, these conditions can result in vision loss, a lower quality of life, and higher overall health care costs.

DSRA-BT will continue to offer vision benefits through Blue Cross Blue Shield of Michigan (BCBSM) Blue Vision. The vision plan offers you comprehensive coverage – including eye exams and materials – through VSP, the nation’s largest vision care network, with 27,000 doctors and 41,000 locations.

Members will continue to have the choice to enroll in vision and/or dental which requires an application to be completed.

The table below provides an overview of the vision plan benefit. For specific details about the plan, please refer to the Benefits-at-a-Glance summary of benefits on the website at www.dsrabenefittrust.net. To find a VSP doctor, call 1-800-877-7195 or log on to the VSP website at www.vsp.com.

Voluntary Life Benefits

Did you know that 61% of Americans have no life insurance coverage? The financial impact of death is not only significant, but the effects can be long-term, lasting five years or more for the surviving family members.ⁱ

DSRA-BT offers salaried Delphi retirees the opportunity to purchase voluntary life insurance for you and your spouse through Guardian. (NOTE: Delphi hourly retirees are not eligible for this voluntary benefit.) This plan is designed to complement the life insurance benefits you may already have and is 100% retiree-paid. Rates do change every five years on insured's birthdays ending in a 0 or 5. There is a small administrative fee to cover Benistar and DSRA-BT expenses. Notify your bank of the 2021 rate change, if you are set up on auto payments..

If you have elected voluntary coverage in the past, your elected benefit will continue into 2021. **No action is required.** If, however, you wish to make any modifications to your current election (e.g. increase or decrease your elected amount) or wish to elect voluntary term life insurance for the first time, you must complete the Guardian enrollment form and Statement of Health form. If your change is a reduction in benefits, or to cancel your benefits, then only an enrollment form is required, not a Statement of Health. This form can be found on our website - www.dsrabenfitrust.net - or you may contact Benistar, our voluntary life plan administrator, at 1-888-588-6682 to obtain a copy of the form.

The table below provides an overview of the voluntary life benefit. For specific details about the plan, please refer to the summary of benefits on the website at www.dsrabenfitrust.net.

	Retiree	Spouse ¹
Coverage	\$10,000 increments	\$10,000 increments
Minimum	\$10,000	\$10,000
Maximum	\$120,000	\$30,000

ⁱ MetLife's Impact of Premature Death Study, 2010.

Subsidies

One subsidy is available per family with the exception of dual Delphi retiree households who carry separate policies. When a subsidy is available and application has been approved, it is automatically applied by Benistar, our pre-65 plan administrator.

Sunset of the Health Coverage Tax Credit

To date, the Health Coverage Tax Credit (HCTC) has not been extended and funding continues to not be available. If Congress fails to extend the HCTC program before December 1, 2020, the program will shutdown for a minimum of 1-2 months into 2021 or until reauthorization is passed. If you wish to remain in the DSRA-BT insurance plans be prepared to pay 100% of the plan premium for each month the HCTC program is not in operation. If Congress extends the HCTC Program after the DSRA open enrollment period, there will be a special open enrollment period available at a later date.

DSRA-BT Subsidy

Eligibility for a Trust subsidy is generally defined as being a Delphi Salaried Retiree (including spouse and eligible dependents) who retired on or before April 1, 2009. The DSRA-BT will continue to provide a health premium subsidy to eligible pre-65 salaried retirees, spouses and dependents who purchase medical insurance from the Trust in 2021. If the HCTC program is not extended, all eligible retirees must submit a new enrollment form to request to receive the DSRA-BT subsidy.

Plan Option	2021 Monthly DSRA-BT Subsidy Amount (HCTC Extended)		
	Single	Two Person	Family
Under Age 65 & Special Circumstance	\$735	\$1,470	\$2,170
Under Age 65 & Medicare Disabled	\$1,916.36	\$3,812.72	N/A
*Under 65 QFM	\$630		N/A
Post-65	No subsidy available for post-65 members		N/A

Plan Option	2021 Monthly DSRA-BT Subsidy Amount (HCTC NOT Extended)		
	Single	Two Person	Family
Under Age 65 & Special Circumstance	\$866.71	\$2,052.14	\$2,560.16
Under Age 65 & Medicare Disabled	\$1,916.36	\$3,812.72	N/A
*Under 65 QFM	\$866.71		N/A
Post-65	No subsidy available for post-65 members		N/A

*Available to QFMs of a retiree who is age 67 or 68 only.

Special Circumstance subsidies are available to those members who are family members of a Medicare disabled retiree who is <65 and has been on Medicare for more than two years. The family member(s) will be eligible for the Special Circumstance subsidy until the retiree turns 67 or they turn 65, whichever comes first. If they are still under 65 when the retiree turns 67 they will be eligible for the QFM subsidy for 24 months.

There are pre-65 salaried retirees that retired before April 02, 2009 that have not initiated their PBGC pension payout. This makes them ineligible for the Trust subsidy. We cannot approve a subsidy for these retirees.

Under Age 65 QFM - The provision in the HCTC law limiting eligibility to 24 months for the pre-65 spouse/dependents of a post-65 retiree remains in effect. The DSRA-BT is again offering an additional maximum of 24 months subsidy paid from the DSRA Benefit Trust funds to eligible QFM's of retirees that are either age 65, 66, 67 or 68 (24 months in a 4 year time period).

- Eligibility for this subsidy ends in all cases the first of the month the retiree achieves age 69.
- To receive this subsidy, you must be a QFM of a salaried retiree retired by April 1, 2009;
- You must submit a new enrollment form to our pre-65 medical plan administrator Benistar to qualify for this subsidy. If you are currently receiving a QFM subsidy, you do not need to submit a new enrollment form unless you are changing plans.
- Please submit 30 days prior to eligibility date. No retroactive subsidies will be allowed.
- One subsidy is available per family with the exception of dual Delphi retiree households who carry separate policies.

DSRA-BT Hardship Grant

The DSRA-BT will continue to provide financial assistance to those in need for the 2021 plan year. The Hardship Grant is intended to assist Delphi Salaried Retirees and/or their survivors, dependents, and spouses that face serious financial hardship with funds to assist them in paying the costs for medical and prescription drug coverage.

Criteria for the Hardship Grant

Retiree must have retired by April 1, 2009 to be eligible for a Hardship Grant. All applicants must submit a Hardship Grant application to document household Modified Adjusted Gross Income (MAGI) and assets. First, home equity assets are excluded, and then a percent of net assets is added to MAGI to determine eligibility. The percent added varies for 1-person, 2-person, and family households.

For those Under Age 65, eligible for federal or state exchange plans, and eligible for an Affordable Care Act (ACA) subsidy, changes to the Hardship Grant were required to ensure you remain eligible for an ACA subsidy, and to ensure you have choices in your selection of a plan.

Per the ACA, you become INELIGIBLE for an ACA subsidy if you are provided a DSRA-BT premium subsidy to pay for any portion of your premium. To retain ACA subsidy eligibility, the DSRA-BT will once again be giving a Hardship Grant rather than a premium subsidy. If you qualify for and accept a Hardship Grant, it will be provided to you as ONE PAYMENT early in 2021.

Once you accept a Hardship Grant, you will be ineligible for health coverage provided through DSRA-BT, and your coverage will expire December 31, 2020. You will, however, be eligible to enroll in a plan through the public Health Insurance Marketplace (a.k.a. the Public Exchange) and qualify for financial assistance in the form of advance premium tax credits and cost-sharing subsidies for coverage starting January 1, 2021.

PLEASE NOTE: If you enroll in a plan through the public Health Insurance Marketplace, **you are responsible for premium payments.** The DSRA-BT cannot make payments on your behalf. Your monthly payment for an exchange plan will be the difference between the premium and your ACA subsidy. Visit Health Insurance Marketplace to complete your ACA application.

Age 65 & Over

For those Age 65 & Over, Medicare remains your primary plan. You are not eligible for an ACA subsidy. The Hartford group plan will be available to you via the DSRA-BT whether or not you are awarded a Hardship Grant. The application process remains very similar to 2020, and will be based on a MAGI and asset formula.

Application for the Hardship Grant

If you believe you might be eligible for a Hardship Grant, you are encouraged to apply. Hardship application forms are available at www.dsrabenfitrust.net under, "Resources/Hardship Fund/Click Here for the Hardship Application." Alternatively, you may request an application form from Benistar, our Hardship Grant administrator at 1-888-588-6682.

The deadline for completing the application process for both pre- and post-65 members is Friday, November 20, 2020. All materials must be received by this date.

Please submit your application as soon as possible to Benistar as indicated below:

Mail: Benistar DSRA-BT Service Center
10 Tower Lane, Suite 100
Avon, CT 06001

Email: memelig@benistar.com

Fax: (860)408-7025

Benistar will process applications and notify applicants of being accepted or rejected. Finally, please be aware that the Federal Government will consider your Hardship Grant as taxable income. If you receive a Grant in 2021, you will get a 1099 from DSRA-BT to be filed with your 2021 federal income tax return.

Additional details about the Hardship Grant including the qualifying criteria and application can be found on the DSRA-BT website at www.dsrabenfitrust.net.

Voluntary Life Rates Through Guardian

Voluntary life benefits are offered through Guardian Life Insurance. If you are a Delphi salaried retiree and wish to elect voluntary term life insurance for the first time or make any modifications to your current election, you must complete the Guardian enrollment form and Statement of Health form. (NOTE: Delphi hourly Retirees are not eligible for this voluntary benefit.) Retiree coverage from \$10,000 to \$120,000 and spouse coverage from \$10,000 to \$30,000 is available in \$10,000 increments. Retiree coverage, however, is required in order for spouse coverage to be available.

Guardian has made the following changes to the Life Insurance program for DSRA participants effective 01/01/2021:

- Upon death of the Retiree, a surviving Spouse has the option to remain in the DSRA Benefit Trust Guardian Life Insurance program until the age of 80, at which time they will have the option to move to a Whole Life Insurance plan or to discontinue coverage
- The Spouse will continue to use the age of the Retiree to determine their premium amount if the Spouse elects to continue their Guardian Life Insurance coverage.
- The Spouse must notify Benistar if they elect to continue coverage with the Guardian Life Insurance program following the death of the Retiree.
- The Spouse is limited to a maximum of \$30,000.00 coverage

Please contact Benistar at 1-888-588-6682 to request enrollment materials or you can download the materials from our website.

- Spouse costs are based on the retiree's age.

Billing & Payments

Billing

Medical and Medicare Disabled – Under Age 65

Dental – Under Age 65 and Post-65

Vision – Under Age 65 and Post-65

If you elect any of the benefit plans offered through BCBSM – pre-65 medical, pre-65 Medicare Disabled medical, dental or vision (both under age 65 and post-65) – you will be billed monthly by Benistar, our plan administrator.

It is essential that your premium payments be made on time. As such, members are **highly encouraged** to set up a new automatic electronic-funds transfer with Benistar to make health premium payments.

Benistar Payments

1. **Credit Cards** are not accepted as a form of payment. EFTs and checks are the only allowable forms of payment in 2021.
2. Take advantage of automated payment plans utilizing your checking or savings account online through Benistar by enrolling in the EFT (Electronic Funds Transfer) service. Enroll with Benistar Admin Services at **1-888-588-6682**.
3. Once enrolled in the EFT program, you will no longer receive invoices. Premium deductions occur between the 7th and 10th of the current month.
4. Payments by check should be mailed to the Benistar Retiree Service Center - 10 Tower Lane, Suite 100, Avon CT 06001. Premiums are due on the first day of the covered month.

Medical – Post-65

If you elect any of the post-65 plans offered through The Hartford, you will be billed monthly by Benistar, our post-65 plan administrator.

Voluntary Life – Under Age 65 and Post-65

If you elect voluntary life coverage through Guardian, you will be billed monthly by Benistar, our voluntary life plan administrator.

Questions

If you have questions about the enrollment process for the pre-65 medical, dental and vision or post-65 dental and vision, please contact Benistar, our plan administrator, at 1-888-588-6682 or Cone Retiree Healthcare Group, our insurance broker, at 1-713-446-3501.

Payments Received After the Due Date

If you do not pay your monthly premium by the 1st of the month for which coverage is provided, you run the risk of your coverage being **terminated**.

If premiums are not paid by the due date, **coverage will be terminated as of the last day of the preceding month**. All benefits including medical, prescription, dental, and vision coverage will cease and no claims will be paid.

Medical Plan Footnotes

- 1 All covered services are subject to deductible, except preventive care services.
- 2 Calendar year deductible runs from 1.1 to 12.31.
- 3 Out-of-network deductible amounts also apply toward the in-network deductible.
- 4 Your deductible combines the deductible amounts paid under your medical coverage and your prescription drug coverage.
- 5 The full family deductible must be met under a two-person or family contract before benefits are paid for any person.
- 6 Coinsurance kicks in once the calendar-year deductible has been met.
- 7 For private duty nursing, your coinsurance % is 50%, in-network and out-of-network.
- 8 Annual coinsurance dollar maximum applies to coinsurance amounts for all covered services – including mental health and substance abuse services. For the GOLD and SILVER medical plans, it does not apply to fixed dollar copays and private duty nursing coinsurance amounts. For the BRONZE and COPPER medical plans, your coinsurance dollar maximum combines coinsurance and copay amounts paid under your Simply Blue HSA medical coverage and your Simply Blue prescription drug coverage.
- 9 Hearing care coverage includes: audiometric exam (once every 36 months), hearing aid evaluation (once every 36 months), ordering and fitting the hearing aid (once every 36 months), and hearing aid conformity test (once every 36 months). Refer to the BCBSM Summary of Benefits for additional details.
- 10 For mental health and substance abuse treatment, refer to the BCBSM Summary of Benefits for additional details including limits on the number of visits.
- 11 Specified human organ transplants and bone marrow transplants are allowed in designated facilities only, when coordinated through the BCBSM Human Organ Transplant Program – (800) 242-3504.
- 12 Specified human organ transplants are limited to \$1 million lifetime maximum per member per transplant type for transplant procedure(s) and related professional, hospital and pharmacy service.
- 13 The 20% prescription drug out-of-network copay will not be applied toward your calendar year deductible, out-of-pocket maximum or lifetime maximum.
- 14 **BCBSM custom formulary.** A continually updated list of FDA-approved medications that represent each therapeutic class. The drugs on the list are chosen by the BCBSM Pharmacy and Therapeutics Committee for their effectiveness, safety, uniqueness and cost efficiency. The goal of the formulary is to provide members with the greatest therapeutic value at the lowest possible cost. **Tier 1 (generic)** – Tier 1 includes generic drugs made with the same active ingredients, available in the same strengths and dosage forms, and administered in the same way as equivalent brand-name drugs. They also require the lowest copay, making them the most cost-effective option for the treatment. **Tier 2 (formulary brand)** – Tier 2 includes brand-name drugs from the Custom Formulary. Formulary options are also safe and effective, but require a higher copay. **Tier 3 (nonformulary brand)** – Tier 3 contains brand-name drugs not included in the Custom Formulary. Members pay the highest copay for these drugs.
- 15 **Mandatory preauthorization.** A process that requires a physician to obtain approval from BCBSM **before** select prescription drugs (drugs identified by BCBSM as requiring preauthorization) will be covered. **Step Therapy**, an initial step in the “Prior Authorization” process, applies criteria to select drugs to determine if a less costly prescription drug may be used for the same drug therapy. Some over-the-counter medications may be covered under step therapy guidelines. This also applies to mail order drugs. Only claims that do not meet Step Therapy criteria require preauthorization. Details about which drugs require preauthorization or step therapy are available online site at bcbsm.com. Log in under “I am a Member” and click on “Prescription Drugs.”
- 16 **Mandatory maximum allowable Cost (MAC) drugs.** If your prescription is filled by any type of network pharmacy, and the pharmacist fills it with a generic equivalent drug, you pay only the copay. If you obtain a formulary brand name drug when a generic equivalent drug is available, you **MUST** pay the **difference** in cost between the formulary brand name drug dispensed and the maximum allowable cost for the generic drug **plus** your copay regardless of whether you or your doctor requests the formulary brand name drug. If you obtain a nonformulary brand-name drug when a generic equivalent is available, the nonformulary brand-name drug is not a covered benefit. **Exception:** If your physician requests and receives authorization for a nonformulary brand-name drug with a generic equivalent from BCBSM and writes “Dispense as Written” or “DAW” on the prescription order, you pay only your applicable copay
- 17 **Physician-administered injectable drugs.** Injectable drugs administered by a health care professional (not self-administered) are not covered under the pharmacy benefit, but may be covered under your medical benefit.
- 18 **Drug interchange and generic copay waiver.** Certain drugs may not be covered for a second prescription if a suitable alternate drug is identified by BCBSM, unless the prescribing physician demonstrates that the drug is medically necessary. A list of drugs that may require authorization is available at bcbsm.com. If your physician rewrites your prescription for the recommended generic or OTC alternate drug, you will only have to pay a generic copay. If your physician rewrites your prescription for the recommended brand-name alternate drug, you will have to pay a brand-name copay. In select cases BCBSM may waive the initial copay after your prescription has been rewritten. BCBSM will notify you if you are eligible for a waiver
- 19 **Quantity limits.** Select drugs may have limitations related to quantity and doses allowed per prescription unless the prescribing physician obtains preauthorization from BCBSM. A list of these drugs is available at bcbsm.com.
- 20 No more than \$100.

- 21 Coverage for expenses incurred by a covered person for physical exams, preventive screening tests and services, and any other tests or preventive measures determined to be appropriate by the attending physician.
- 22 If any of the cancer screening tests are not covered by Medicare, the plan will pay the usual and customary charges incurred.
- 23 Semi-private room and board, general nursing, and miscellaneous services and supplies
- 24 A benefit period begins on the first day you receive service as an inpatient in a hospital and ends after you have been out of the hospital and have not received skilled care in any other facility for 60 days in a row.
- 25 **In or out of the hospital and out-patient hospital treatment**, such as physician's services, in-patient and out-patient medical and surgical services and supplies, physical and speech therapy, diagnostic tests, durable medical equipment.
- 26 Blood deductible applies to **hospital confinement and out-patient medical expenses**, when furnished by a hospital or skilled nursing facility during a covered stay.
- 27 Semi-private room and board, skilled nursing and rehabilitative services and other services and supplies.
- 28 You must meet Medicare requirements, including having been in a hospital for at least three consecutive days and having entered a Medicare-approved facility within 30 days of discharge from the hospital.
- 29 Supportive services needed for care and pain relief for terminally ill patients provided by a Medicare-participating hospice program when the patient elects this type of care.
- 30 **BCBSM custom formulary.** A continually updated list of FDA-approved medications that represent each therapeutic class. The drugs on the list are chosen by the BCBSM Pharmacy and Therapeutics Committee for their effectiveness, safety, uniqueness and cost efficiency. The goal of the formulary is to provide members with the greatest therapeutic value at the lowest possible cost. **Tier 1 (generic)** – Tier 1 includes generic drugs made with the same active ingredients, available in the same strengths and dosage forms, and administered in the same way as equivalent brand-name drugs. They also require the lowest copay, making them the most cost-effective option for the treatment. **Tier 2 (formulary brand)** – Tier 2 includes brand-name drugs from the Custom Formulary. Formulary options are also safe and effective, but require a higher copay. **Tier 3 (nonformulary brand)** – Tier 3 contains brand-name drugs not included in the Custom Formulary. Members pay the highest copay for these drugs.
- 31 **Mandatory preauthorization.** A process that requires a physician to obtain approval from BCBSM **before** select prescription drugs (drugs identified by BCBSM as requiring preauthorization) will be covered. **Step Therapy**, an initial step in the "Prior Authorization" process, applies criteria to select drugs to determine if a less costly prescription drug may be used for the same drug therapy. Some over-the-counter medications may be covered under step therapy guidelines. This also applies to mail order drugs. Only claims that do not meet Step Therapy criteria require preauthorization. Details about which drugs require preauthorization or step therapy are available online site at bcbsm.com. Log in under "I am a Member" and click on "Prescription Drugs."
- 32 **Mandatory maximum allowable Cost (MAC) drugs.** If your prescription is filled by any type of network pharmacy, and the pharmacist fills it with a generic equivalent drug, you pay only the copay. If you obtain a formulary brand name drug when a generic equivalent drug is available, you **MUST** pay the **difference** in cost between the formulary brand name drug dispensed and the maximum allowable cost for the generic drug **plus** your copay regardless of whether you or your doctor requests the formulary brand name drug. If you obtain a nonformulary brand-name drug when a generic equivalent is available, the nonformulary brand-name drug is not a covered benefit. **Exception:** If your physician requests and receives authorization for a nonformulary brand-name drug with a generic equivalent from BCBSM and writes "Dispense as Written" or "DAW" on the prescription order, you pay only your applicable copay
- 33 **Physician-administered injectable drugs.** Injectable drugs administered by a health care professional (not self-administered) are not covered under the pharmacy benefit, but may be covered under your medical benefit.
- 34 **Drug interchange and generic copay waiver.** Certain drugs may not be covered for a second prescription if a suitable alternate drug is identified by BCBSM, unless the prescribing physician demonstrates that the drug is medically necessary. A list of drugs that may require authorization is available at bcbsm.com. If your physician rewrites your prescription for the recommended generic or OTC alternate drug, you will only have to pay a generic copay. If your physician rewrites your prescription for the recommended brand-name alternate drug, you will have to pay a brand-name copay. In select cases BCBSM may waive the initial copay after your prescription has been rewritten. BCBSM will notify you if you are eligible for a waiver
- 35 **Quantity limits.** Select drugs may have limitations related to quantity and doses allowed per prescription unless the prescribing physician obtains preauthorization from BCBSM. A list of these drugs is available at bcbsm.com.
